

CAPABILITIES & EQUIPMENT

ADDITIONAL INFORMATION

Computer Aided Design

Our helpful office staff is ready to help you with all of your padding, cover, and tubing needs. If we don't know the answer to your questions, we'll find out and get the answer to you in a timely manner.

Our hours of operation are Monday through Friday 7:00 a.m. to 3:30 p.m. pacific time.

A custom design team is assigned to work with you closely on your special project needs. Our slogan, "you need it, we make it" is our pledge to you to accommodate any specialized padding or covers your business requires.

Our skilled, experienced production team will get your order completed and shipped to you on the date of your choice! Please keep in mind we keep some stock items on hand, but all seat orders are made per order and foam will be ordered per your specifications.

Our computerized cutting table saves all patterns and will cut your order as uniformly as possible, time after time.

We keep extra parts on hand so that machinery breakdowns, should they occur, will not slow us down or delay your order from being delivered on time! In addition, we have extra warehouse space so we can bring in truckloads of materials. Our volume purchases allow us to save on freight and materials and we pass these savings on to you.

Idaho Sewing for Sports has it's own delivery trailer. Ask when you place your order if we will be delivering in your area. In most cases it will save on your freight and we know your order will be delivered in perfect condition.

Please feel welcome to call us at 208-983-0988 for personalized and knowledgeable support we offer our valued customers worldwide.
