Copper Mountain

Park City

Idaho Sewing for Sports, Inc. has been creating specialized padding products for ski areas worldwide. What makes Idaho Sewing for Sports, Inc. different, year after year, is our old fashioned philosophy about quality. We don't just talk about it, we practice it -- day after day. **Superior Craftsmanship. Great Value. Personalized Service. Honesty and Integrity.** Our track record speaks for itself and our customers have come to rely on our commitment to quality products and services.

Over thirty years of field testing and meticulous design go into the construction of every pad, cover and tube product we create. Constant testing through ski area usage in various regions across North America has enabled us to innovate and improve our products year after year, offering you confidence to make critical buying decisions quickly. Furthermore, our continued efforts to cut costs are always passed on to our customers - the people who are responsible for our success.

We're 100% committed to creating the best ski area products available in the industry. We're always looking for ways to improve our products through advances in materials and design -- real improvements that make real differences. All of our products are proudly made in the U.S.A and are carefully inspected at each stage of the manufacturing process from materials, to cutting and stitching, to final processes. No matter where they are used, the padding, cover and tube products made at Idaho Sewing for Sports, Inc. have proven to be the finest available at any price, anywhere.
